Raiyats' contribution towards the restoration of Tanks.

Directs that the —— costing less than Rs. 25,000 may in certain cases be allowed to be paid in equal annual instalments not exceeding ten.

READ—

Letter No. 11474, dated 22nd March 1930, from the Chief Engineer, stating that it would hinder progress in the restoration of tanks costing less than Rs. 25,000 if full payment of the raiyats contribution is insisted upon in advance, as required under para 380 (iii) of the Revenue Manual (Part I) and requesting that this rule might be modified so as to authorise recovery of the amount in annual instalments suitable to the circumstances of each case.

2. Correspondence ending with U. O. Note No. D. 2. Dis. 2203, dated 7th May 1930 of the Revenue Commissioner, stating that he is agreeable to the modifications proposed by the Chief Engineer.

ORDER NO. R. 1-12—L. R. 105-29-40, DATED 1ST JULY 1930.

The Chief Engineer reports that it has been usual to take up the restoration of tanks after the raiyats have executed mutchalikas agreeing to pay up the contribution amount in annual instalments ranging from four to ten years generally ; but that the Comptroller requires that the sanction of Government should be obtained for this practice as it is not in accordance with the rule laid down in this behalf in para 380 (iii) of the Revenue Manual (Part I) which requires that "voluntary contributions should be paid up before the commencement of the work." The Chief Engineer is of opinion that a strict enforcement of the rule as it stands would hinder progress in the restoration of tanks, and suggests that it might be modified to permit of the amount due being recovered in annual instalments suitable to the circumstances of each case. The Revenue Commissioner agrees to this suggestion. Government are therefore pleased to direct that para 380 (iii) of the Revenue Manual (Part I) be revised as shown below :—

"iii. Such voluntary contributions, *if lumpsum, should ordinarily be paid up before the commencement of work* ; but where the share of each raiyat in the contribution is ascertained, the Chief Engineer, may, with the concurrence of the Deputy Commissioner permit the contribution to be paid in *equal annual instalments not exceeding ten*, after obtaining a proper mutchalika from the raiyats. This rule applies to holders of minor inams also."

5. In response to a representation made at the March Session of the Legislative Council this year that prisoners in the State Jails also might be classified in the light of the principles enunciated by the Government of India in a communique dated 19th February 1930, proposals were called for from the Inspector General of Prisons. Certain draft rules were accordingly submitted by this officer but these were found to be too elaborate for our needs. Hence a few simple rules were framed and issued so as to enable the jail authorities with the specific permission of Government in each case, to extend certain special privileges to prisoners who by reason of their status, antecedents and nature of the offences committed, may be considered eligible for special treatment.

Due provision for meeting the extra cost on this account has been made in the current year's University Budget. ~~of the current year~~.

Narayana Rao, acting Deputy Amildar, who was doing duty as Chief Officer, Chennapatna Municipality, should be compelled to go on leave on account of unsatisfactory work and that he should be also reverted to a ministerial post on the expiry of the leave.

Letter No. 5918/54-1899 dated the 26th July 1930 from the Secretary to the Resident in Mysore to the Dewan of Mysore.

Reintroduction of the Mysore one anna receipt stamps in the Civil and Military Station of Bangalore in place of the British Indian one anna unified stamps.

With reference to Mr. Ranga Rao's letter No. Pol.317/P.P. 103-24-47 dated the 16th September 1929, regarding the refund to the Mysore Government of the proceeds of the sales of British Indian unified stamps for twenty years prior to the reintroduction of the Mysore one anna receipt stamps in the Civil and Military Station of Bangalore, I am directed to inform you that the Government of India have again given the matter their careful consideration.

2. The objection to conceding the request of the Government of Mysore has not been based on the financial considerations affecting this particular case, which are of minor importance, but is rather one of principle. The main consideration is in fact that the departure from principles, which must be maintained by the Government, might create a very embarrasing precedent. There are in fact two questions of principle involved in the present case - firstly, that no questions of rights are involved and that whatever is done by the Government will be done as a matter of grace; and, secondly, that even if it were a matter of right there must be some limitation to the period over which transactions which have been settled and completed can be reopened.

The Government of India are prepared to consider the position as a matter of grace and in doing so to endeavour to arrive at an equitable arrangement. The suggestion to refund 3 years' arrears appeared to them to be in all the circumstances equitable. The case in fact present itself to them as follows:-

The annual amount involved was very small and the Government of Mysore were not appreciably damaged at the time by the failure to get what would have been their share each year in the sum of Rs. 4,700/- nor were the general revenues of the Government of India appreciably benefitted. Taking the most favourable view of the case of the Government of Mysore, all that can be said is that a mistake was being made which did not appreciably damage or benefit either party. If the mistake had been discovered earlier it would have been rectified, and suitable readjustments would have been made at the time in order to balance the Budgets concerned/each year. In actual fact the mistake was not discovered and for that no one was to blame. Once it had been discovered the rectification of the past mistakes became quite a different matter, for to be called upon suddenly to put right the cumulative effect of a small error, which has occurred year after year over a long period, might gravely upset financial positions on both sides It might bring an unmerited windfall to the taxpayer of today in Mysore and force an unmerited sacrifice on the taxpayer of today in British India. It so happens in the present case that even the accumulated amount is not large enough to produce so upsetting a result, but the principle is the same, and even if the matter were one of ~~xxxgax~~ legal obligation instead of being, as it was, merely one of grace, the Government of India were unwilling to accept the principle that they could go back beyond a limited period in reopening the closed transactions of the past.

3. The Government of India have hitherto refused the request of the Government of Mysore for these reasons, and to the principles underlying them they must still adhere, and make it quite clear that whether the matter is to be regarded as one of grace or of right they would not consider themselves under either an equitable or a legal obligation to offer more than arrears for 3 years.

On careful reconsideration, however, they are prepared to recognise that there may be a further factor in the present case to which perhaps sufficient weight has not hitherto been allowed.

The Government of India definitely stated in 1912 that they had no intention of benefiting the Imperial Exchequer at the cost of the revenues of the Bangalore Assigned Tract and they have in fact done so by the use of the Imperial Stamps within the area. It may perhaps with some force be argued that this statement put the Government of India in a fiduciary relation to the Government of Mysore and that it was their duty to see that the arrangements actually made produced results consistent with this statement. The significance of this position would be on the one side that the position of the Government of Mysore was not one of a contracting party who ought to look after his own interests and must be prepared to suffer if he allows a mistake to be made; and on the other that the Government of India having pledged their word ought not to remain satisfied with anything less than its literal and exact fulfilment. On this view, the question in fact goes beyond one of grace or of right and becomes one in which the honour and good faith of the Government of India are concerned. The Government of India are prepared to accept this view and in these very special circumstances to reconsider their previous orders and to refund to the Assigned Tract Revenues the amount of Rs. 94,000/- which is calculated to represent the sum which the Imperial Revenues have obtained from Stamp revenue in Bangalore during the twenty years, 1907-1927. Of this amount, a sum of Rs. 14,100/- has already been refunded vide Major Evans-Gordon's letter No.5562/54-1899 dated the 29th June 1926, and the Government of India have ordered that the balance of Rs. 79,900/- should be refunded to the Assigned Tract Revenues by credit in the Pro-Forma accounts of the Tract for the year 1929-30.

4. As any surplus over the datum line is shared between the Government of Mysore and the Assigned Tract in the ratio of 3:1, the effect of the orders of the Government of India would be that only three-fourths of the refund of Rs. 79,900/- would be payable to the Government of Mysore. As the datum line arrangement only came into force with effect from 1924-25 and surpluses of previous

years were paid in full to the Government of Mysore, the orders of the Government of India would have adversely affected the Government of Mysore and the Hon'ble the Resident, therefore, recommend to the Government of India that the present refund should be distributed as follows:-

Years.	Amount to be refunded to Mysore Government. Rs	Amount of share of Assigned Tract. Rs
1907-08 to 1923-24.		
4,700 x 17 = 79,900 - 14,100 (already paid)	65,800	Nil.
Amount to be adjusted in Pro-Forma Account for 1929-30.		
1924-25 to 1926-27.		
4,700 x 3 = 14,100.	10,575	3,525
	76,375	3,525
	79,900	

5. The Government of India have, however, telegraphed enquiring whether the above distribution has been agreed to by the Government of Mysore and I am, therefore, to ask whether the Government of Mysore accepts the proposed distribution.
